## REASONS WHY AGENTS WANT TO WORK FOR CHAS EVERITT

Good agents are key to the success of any real estate business. But competition is also fierce. Why do agents make the career move to a different company? They're likely looking for these four things:

### TO EARN WELL

You want to do what you love – but you also want to be paid well. And we believe that if you are passionate, hard-working and successful, you should earn accordingly.

We pride ourselves on the income growth opportunities available to agents and believe in going the extra mile to help our agents reach their goals. Your success is our success!

### TO BE THE BEST

Most people want to be the best at what they do in their chosen career. And we know that to achieve this, they need to regularly train, learn and up-skill.

We invest heavily in professional development, offering agents continuous training and mentorship that enables them to enhance their skills and achieve professional aspirations.

### TO WORK WITH THE BEST

To work for an agency that is well known and trusted is a priority for most estate agents.

With supportive and decisive leadership, the Chas Everitt brand is recognised and respected globally. Our international partnerships include being a member of Leading Real Estate Companies of the World® and Luxury Portfolio International®.

### TO BE RECOGNISED, AWARDED & REWARDED

Work recognition may come in many forms, but it has the same outcome: making employees feel valued and motivating them to continue doing their best work.

We have award ceremonies and top performers' conventions throughout the year, including an annual, exclusive international convention that is held in different luxury locations around the globe.

There are many more reasons why successful agents choose Chas Everitt and why so many of our leading agents have stayed with the company for decades.
